PROFESSIONAL SUMMARY

Full-Stack MERN Developer with hands-on experience building and deploying production-grade web applications. Proficient in React.js, Node.js, Express.js, MongoDB, JWT Authentication, Redis caching, and third-party API integrations (Razorpay, Google OAuth, Gemini AI, ImageKit). Currently working as a Freelance Coding Instructor at BrightChamps, teaching 20+ students daily. Seeking a Software Developer role to contribute to scalable engineering teams.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), C++, Java, SQL, HTML5, CSS3

Frontend: React.js, Tailwind CSS, CSS Animations, Responsive Web Design, Cross-Browser Compatibility

Backend: Node.js, Express.js, REST API Design, JWT Authentication, Google OAuth 2.0, MVC Architecture

Databases & Caching: MongoDB (Mongoose ODM), PostgreSQL, Redis (Caching & Session Management)

Integrations: Razorpay, Google OAuth, ImageKit, Cloudinary, Google Gemini API

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, npm

Core CS: Data Structures & Algorithms, DBMS, Operating Systems, OOP, Computer Networks

EXPERIENCE

BrightChamps

Remote, India

Apr 2026 – Present

Freelance Coding Instructor

- Deliver structured, live coding sessions (4 hours/day) to 20+ students across Grade 1–12, covering Scratch-based visual programming, HTML, CSS, JavaScript, and web development fundamentals.
- Design age-appropriate lesson plans and project-based curricula tailored to different learning levels – from absolute beginners (Scratch, block coding) to intermediate learners (HTML/CSS/JS web projects).
- Break down complex programming concepts into simple, relatable explanations – a skill that reflects deep technical understanding and strong communication ability.
- Independently manage daily scheduling, student progress tracking, and parent communication as a self-driven freelance contributor.

PayrollCloud India Pvt Ltd

Ahmedabad, India

Jun 2025 – Aug 2025

Project Management Intern

- Coordinated end-to-end planning, execution, and delivery tracking for 3 concurrent client projects, contributing to a 15% improvement in timelines.
- Authored and standardized 10+ process and workflow documents, reducing cross-team ambiguity and improving handoff efficiency.
- Maintained structured stakeholder reporting; recognized by HR for proactive ownership and clear cross-functional communication.

PROJECTS

StudyNotion – E-Learning Platform | MERN Stack, Razorpay, Cloudinary, JWT, Redis Mar 2025 – Aug 2025

- Architected a full-stack EdTech platform with JWT-based role authentication, supporting separate dashboards and workflows for students and instructors across 10+ courses.
- Implemented Redis caching for frequently accessed course data, reducing database load and improving API response times significantly.
- Built instructor panel with Cloudinary-integrated media upload, real-time course management, and enrollment analytics via interactive pie charts.
- Integrated Razorpay payment gateway with webhook handlers for real-time order verification and automated course enrollment.

Arifex-AI – AI SaaS Platform | *PERN Stack, Gemini API, Google OAuth 2.0, ImageKit* Sep 2024 – Dec 2024

- Engineered a production-ready AI SaaS platform featuring AI-powered text generation and resume analysis via Google Gemini API.
- Integrated Google OAuth 2.0 for secure social login and ImageKit for optimized image storage, transformation, and delivery.
- Designed scalable REST APIs with input validation, structured error handling, and rate limiting; managed relational data with PostgreSQL.
- Built a performance-optimized, fully responsive React.js + Tailwind CSS frontend deployed on Vercel.

EDUCATION

Graphic Era Hill University

Dehradun, Uttarakhand

Aug 2022 – Jun 2026

B.Tech in Computer Science Engineering – CGPA: 7.2

St. Kabeer Academy (CBSE)

Dehradun, Uttarakhand

Mar 2020 – Apr 2022

Senior Secondary (Class XII) – 75%

ACHIEVEMENTS & ACTIVITIES

Solved **100+ DSA problems** on LeetCode covering arrays, linked lists, trees, dynamic programming, and graphs.

Currently enrolled in an intensive **Full-Stack Web Development Bootcamp**, advancing skills in advanced MERN patterns and system design.

Deployed **2 production-ready full-stack applications** with live domains, demonstrating end-to-end development and deployment capability.

Teaching **20+ students daily** at BrightChamps as a freelance instructor, demonstrating consistency, communication, and deep technical understanding.
